

# St. John Arena Site, Mid-West Campus, Health Sciences Campus

✓ **GOAL:** To support our academic, research and outreach mission, we must build facilities that support interdisciplinary problem solving and create a robust research hub on the Mid-West campus.

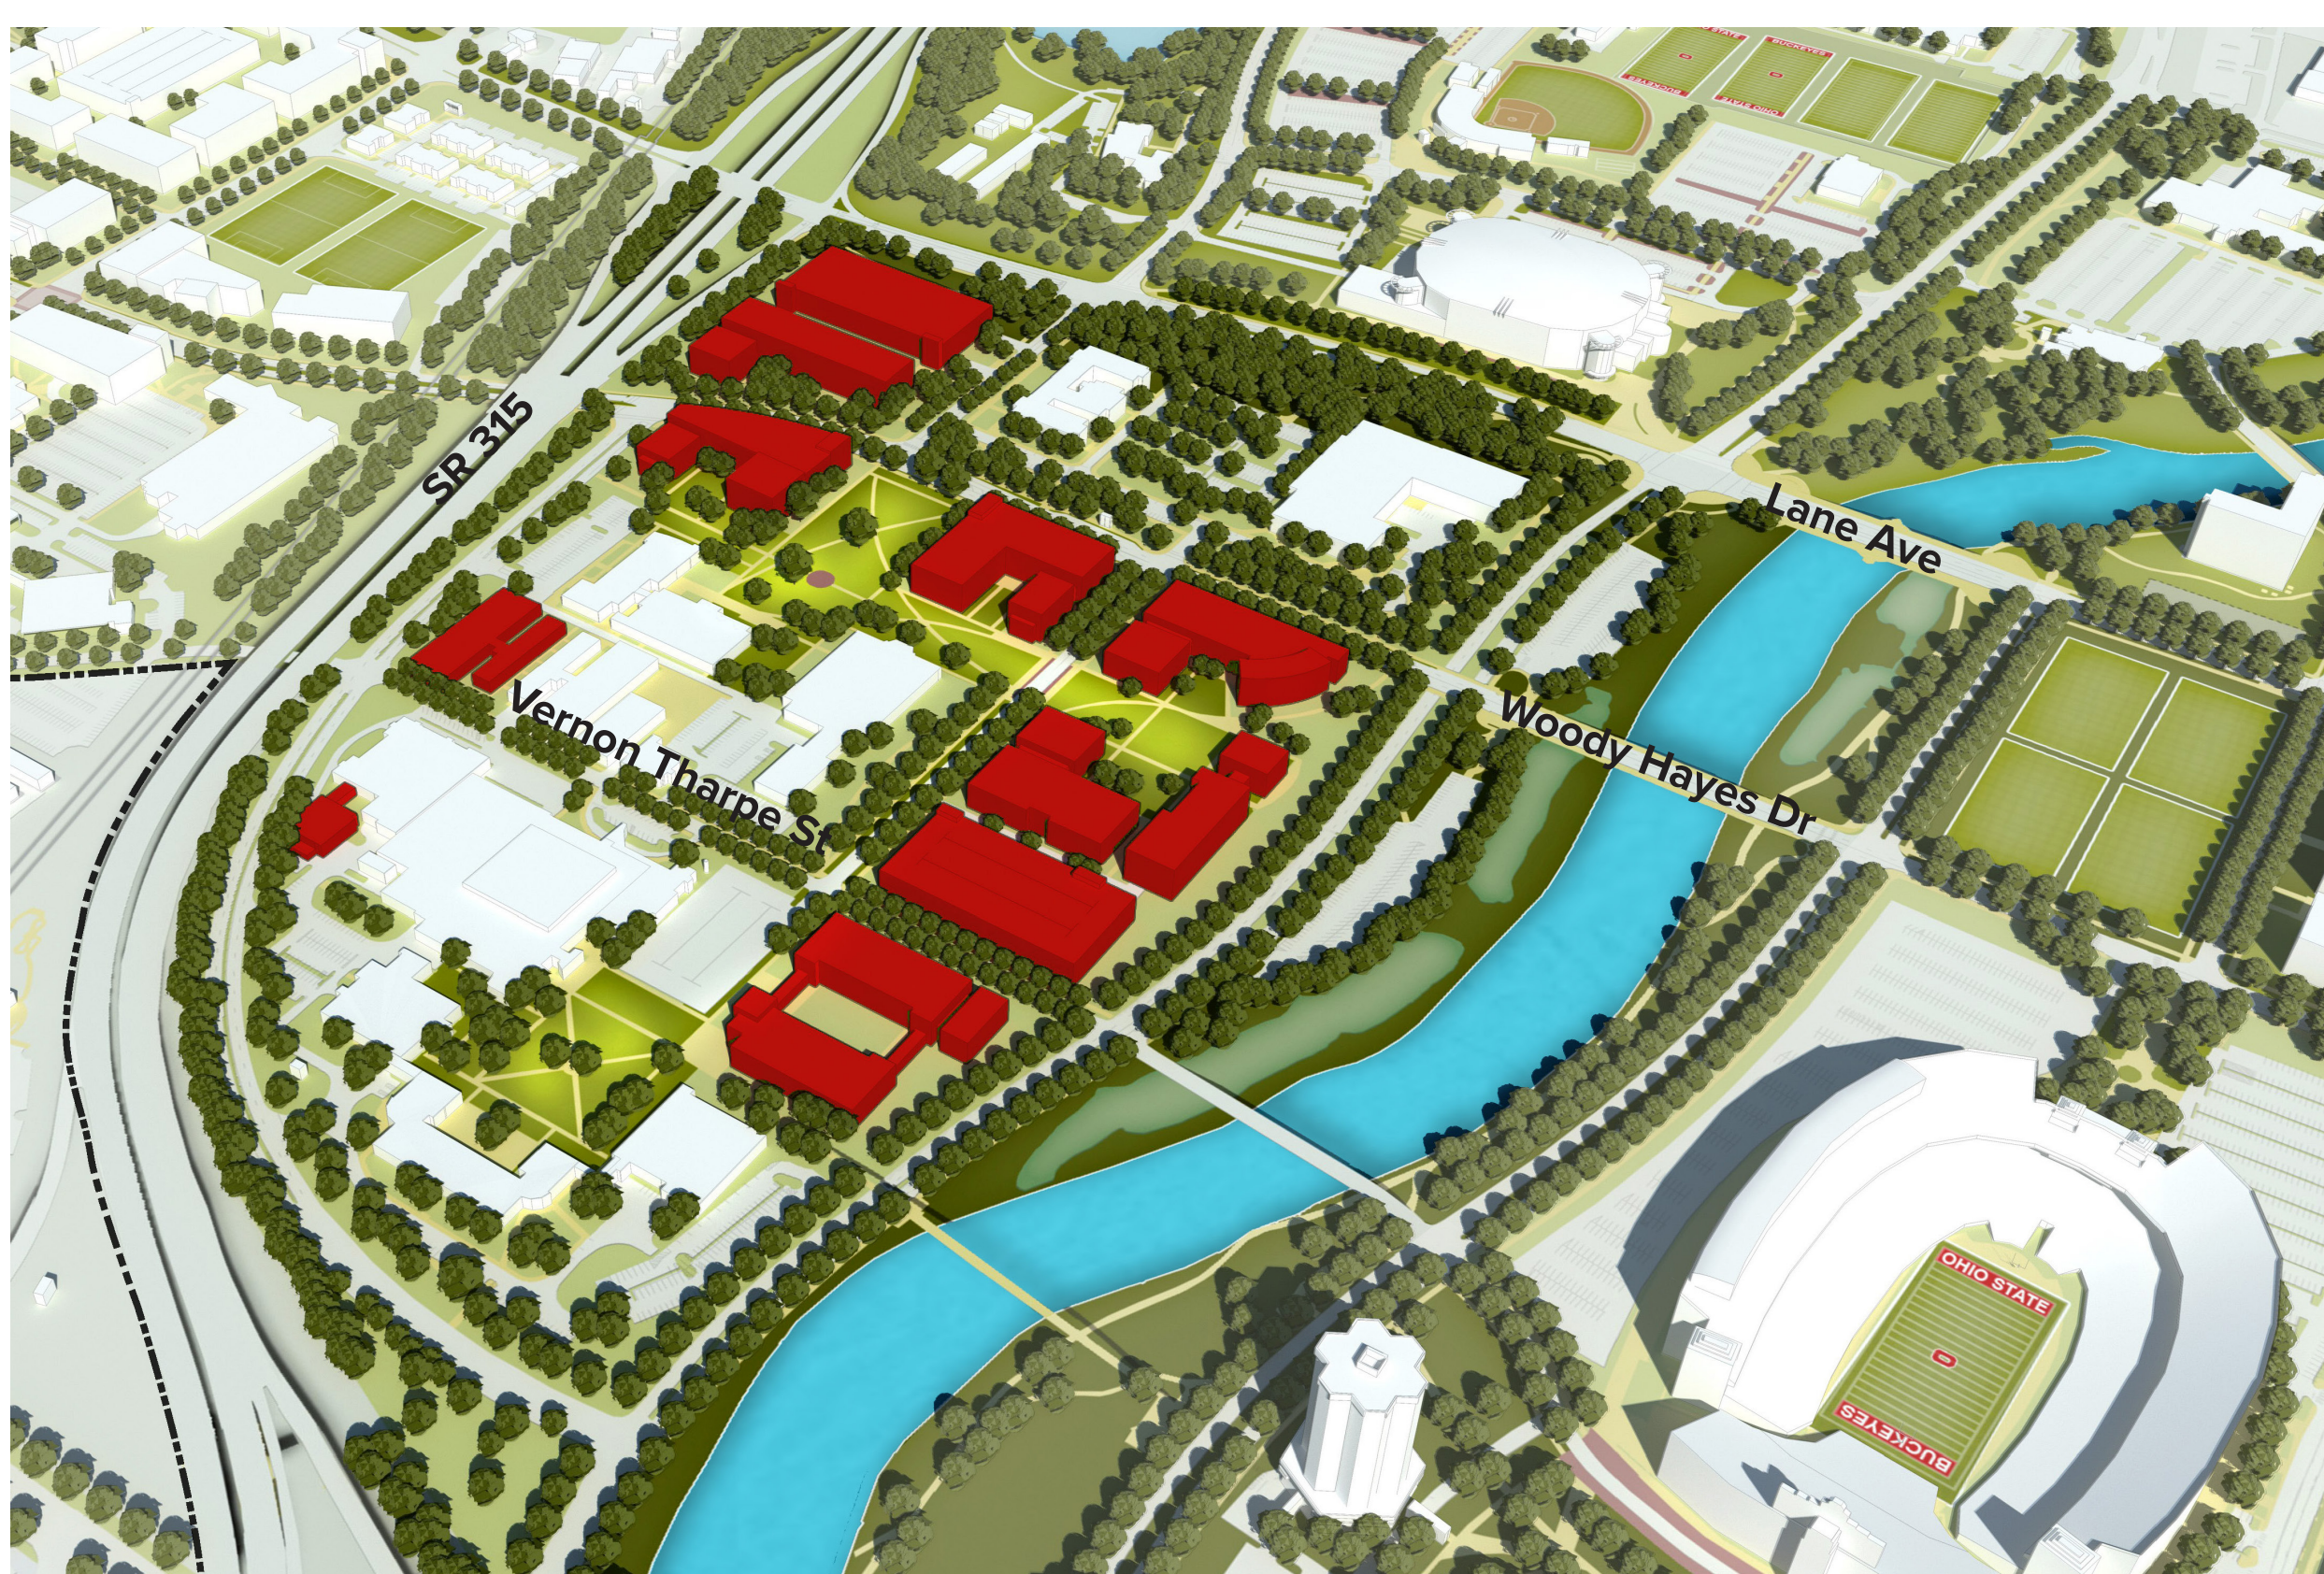

## NEW DEVELOPMENT

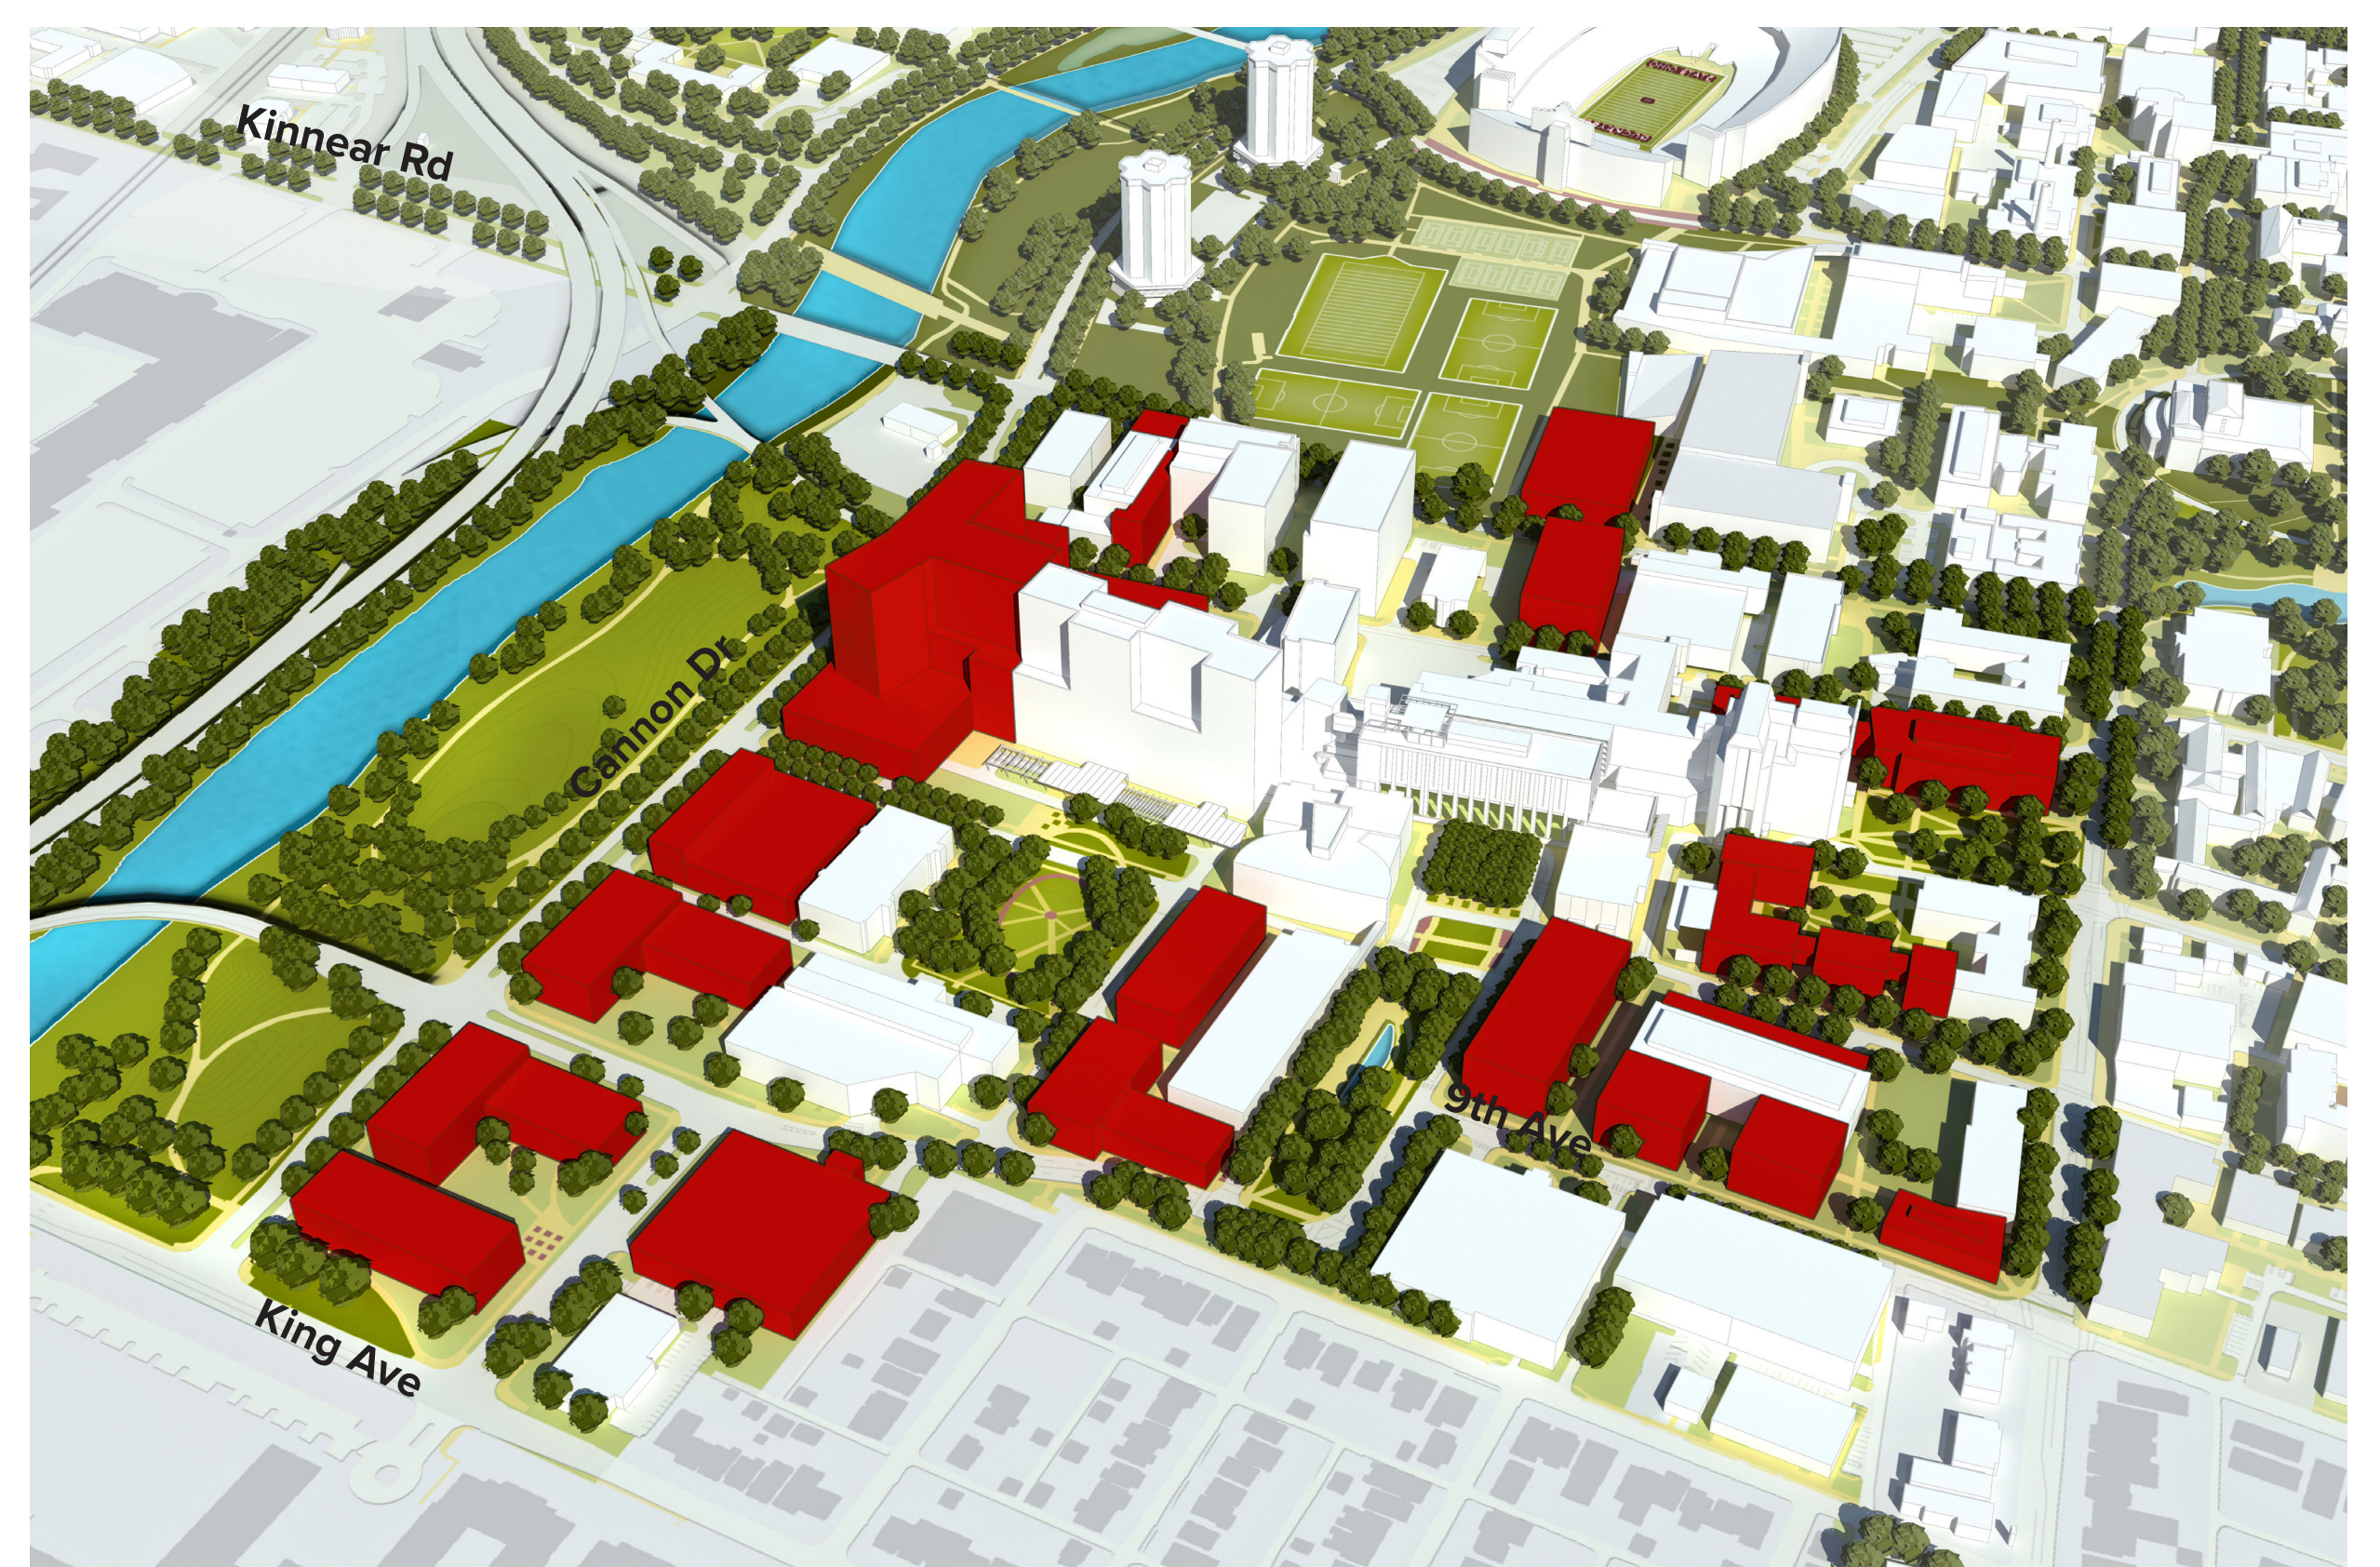

*St. John Site development options*

## Redevelopment of large sites and corridors is more sustainable because it:

- Builds on already disturbed land
- Improves adjacency and connectivity
- Addresses programmatic needs and building condition

*Mid-West Campus long-term development scenario*

*Health Sciences Campus long-term development scenario*

# Outreach and Partnerships

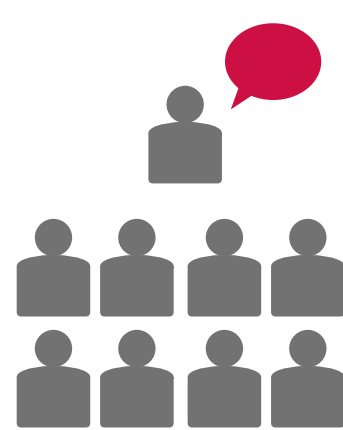

**GOAL:** We must also grow partnerships and clinical care in the west to support our academic, research and outreach mission.
